## Compatibility and Warranty Information

### Compatibility

In addition to the NIBP cuffs and hoses offered by Masimo, Root NIBPT and Rad-97 NIBP are also compatible with GE CRITIKON SOFT-CUF Neonatal blood pressure cuffs when utilizing the patient hose adapter.

- > GE CRITIKON Part Numbers: 2121, 2122, 2124, 2125, 2126. (not available for order from Masimo)

The products listed in this catalog and GE CRITIKON SOFT-CUF Neonatal cuffs have been validated for use with the NIBP technology offered in Root NIBPT and Rad-97 NIBP. Additional blood pressure cuffs and hoses provided by other manufacturers have not been validated with the technology, and therefore the performance and compatibility cannot be guaranteed.

### Warranty

SunTech Directions for Use (DFU) state:

**Reusable Cuffs:** SunTech Medical warrants the blood pressure cuff products to be free from defects in material and workmanship 24 months from the original date of purchase. This limited warranty covers the no charge replacement of the cuff under normal wear and tear conditions when returned to the attention of Service Department at the address below depending on location.

**Disposable Cuffs:** SunTech Medical warrants our blood pressure cuff products to be free from defects in material and workmanship 24 months from the original date of purchase. The warranty shall only cover out-of-box failures, as this is a Single Use product. It is not intended for repeated use.

Contact the Service Department at either of these locations to receive a Return Material Authorization number before sending any product. Cuffs should be returned to the attention of the appropriate Service Department at one of the addresses below.
